MALCHUT 2026

A Tree Beside Streams of Water

The holiday, Tu Bishvat, the Jewish New Year for Trees, marks a time of renewal, rootedness, and growth. In Israel, many people honor this day by planting something in the ground to make the land more fruitful and beautiful for the next generation.

Perhaps in HaShem's perfect timing, this year our Malchut Summit for FFOZ Friends and Torah Club leaders (February 1-3) shares the date with the holiday of Tu Bishvat. Together, we will open the event with a Tu Bishvat Seder: a meaningful festive meal rich with symbolic fruits, special blessings, and reflections on God's faithfulness in sustaining and renewing life.

Like a tree planted beside streams of water, our time together at Malchut will ground us firmly in our shared mission, nourish us with fresh vision, and inspire us to cultivate lives and communities that bear lasting spiritual fruit.

A good tree bears good fruit. The fruit of our message and mission matter now more than ever. The urgency of the season requires us to be deeply rooted in the promises of God, His Torah, and our shared calling as disciples. Together, we will explore core teachings to deepen our understanding, to strengthen our faith, and to renew the mission to which God has called us in this moment of unfolding redemption.

We invite you to join us this February 1-3 for Malchut 2026. Take advantage of this opportunity to taste of the fruit of your labors: make friends, grow in faith, and renew your spirit in the vital work with which God has entrusted us.
